Dr. S. Ramasamy EECP Consultant conducted a training workshop on Central Blood Pressure and Arterial Stiffness in the 3rd International Conference on Preventive Cardiology

Press Release: Chennai 25th June 2017 (Heal Your Heart™ is a Unit of Vaso-Meditech Pvt Ltd Clinical Division).

The Preventive cardiology subspecialty council of Cardiology Society of India organized and successfully fully conducted 3rd International conference on Preventive cardiology. The theme of the convention is “Cardio Vascular Disease Prevention in India- the challenges and solutions. The conference was organized in Radisson blu Hotel in Coimbatore on 24th and 25th June 2017.

The conference covered wide array of topics including the cardiac risk factors like diabetes, hypertension, dyslipidemia, obesity, sedentary life style etc. The conference work shop was conducted to educate the physician and the post graduates in the newer technology. Dr. S. Ramasamy director of Vaso-Meditech and Enhanced External Counter Pulsation treatment expert conducted the work shop on central Blood pressure and Arterial stiffness.

He explained the basics of blood pressure measurement and advancement in moving the blood pressure from the brachial artery to central aorta. The concept of wave reflection and rationale of clinically implementing the central blood pressure and arterial stiffness was discussed in detail and at the completion of the demonstration an interactive discussion with the physician was conducted.
The conference was attended by eminent cardiologist across India, foreign faculty who’s speciality is preventive cardiology, Cardiology professor of government and private medical college hospitals, Post graduate and students.
